Letter from Anne Hindery, CEO

As 2020 turned into 2021, the reality set in that the pandemic was going to be a long haul and for many nonprofits that meant a new way of doing business. Nonprofits led the way in developing innovative solutions that ensured that their crucial missions and services continued to meet the needs of our communities. Additionally, nonprofits continue to rise to the occasion to address multiple ongoing crises: the pandemic, resulting economic recession, and racial inequity.

The mission of the Nonprofit Association of the Midlands (NAM) is to strengthen the collective voice, leadership, and capacity of nonprofit organizations to enrich the quality of community life throughout Nebraska and Western Iowa. As the organization entrusted to serve nonprofits of all sizes and missions, we ask ourselves on a regular basis, “what type of organization do our members need us to be right now?”

The answer we found was to advocate for resources for all nonprofits, and to share critical information on all the federal rescue and relief programs including the American Rescue Plan Act (ARPA). We brought nonprofits and community leaders together to advocate for nonprofits to receive funding to pay for the work that is critical to Nebraskans and the recovery of our economy: Childcare, Food, Health, Housing and Workforce development.

Nonprofits are vital to our economy and to our community vitality. Nonprofits will continue to work to support the people and places we serve, while also learning new ways to support our team members. As we work together to meet community needs, NAM is here to help.

We are incredibly grateful to our generous supporters, board members and the team at NAM for making this work possible. A special thank you goes out to our nonprofit member organizations. It is your work that creates the community fabric that is essential to our quality of life.

Anne Hindery

Guidelines and Principles

The Guidelines and Principles for Nonprofit Excellence (G&P) is a toolkit that supports the efficiency, transparency & accountability of nonprofits in Nebraska and Iowa. The G&P provides an online assessment that helps nonprofits of all sizes and missions strengthen their business infrastructure so they can concentrate on their important mission. The purpose of the Guidelines and Principles is threefold: 1) to provide nonprofit organizations a state-specific tool to evaluate compliance, enhance strategic planning, and refine operations; 2) to support the growth and quality of the sector; and 3) to increase the public's understanding of the role and value of the nonprofit sector

532 organizations used the Guidelines & Principles to enhance their organizational infrastructure and plan for the future in 2021.

[Click here for more information on NAM's Guidelines & Principles](#)

Best Practice Partnership

The Best Practices Partnership is a public recognition given to organizations that have demonstrated their ongoing commitment to using the Guidelines and Principles and have achieved full legal compliance. A self-monitored program that is affirmed by an organization's board of directors, Best Practice Partners have demonstrated the value of continuous organizational dialogue around issues of accountability & transparency.

In 2021, Best Practice Partnership membership reached 132 members

Public Policy

NAM continued its policy work in 2021 with a specific focus on the American Rescue Plan Act (ARPA) and making sure nonprofits are at the table deciding how these transformational dollars will be spent in Nebraska. NAM facilitated three ARPA Roundtables with over 300 participants to narrow down recommendations on where ARPA dollars should go into the categories of Early Childhood, Food, Health, Housing, and Workforce. NAM knows that nonprofits are the backbone of our community and are needed now more than ever. NAM looks forward to continuing to advocate for charitable giving incentives and other important issues on the federal level.

Policy agenda can be found [HERE](#).

Financial Services Program

NAM has been providing NAM Financial Services for four years now and has assisted over 100 nonprofits with accounting needs. The program has approximately 55 active clients utilizing services that range from processing and printing checks, to setting up and recording payroll activity, to reconciling bank accounts and preparing financial reports for management and board. This program is customized to each individual nonprofit, and the level of NAM involvement depends on the needs of each client.

For more information visit the financial services page [HERE](#).
