

# NARI of MINNESOTA 2026 ROTY AWARDS

**Interior Feature Under \$50,000**

# Hidden Entrance

**PROJECT:** River Side Hidden Entrance  
**CATEGORY:** Interior Feature Under \$50,000

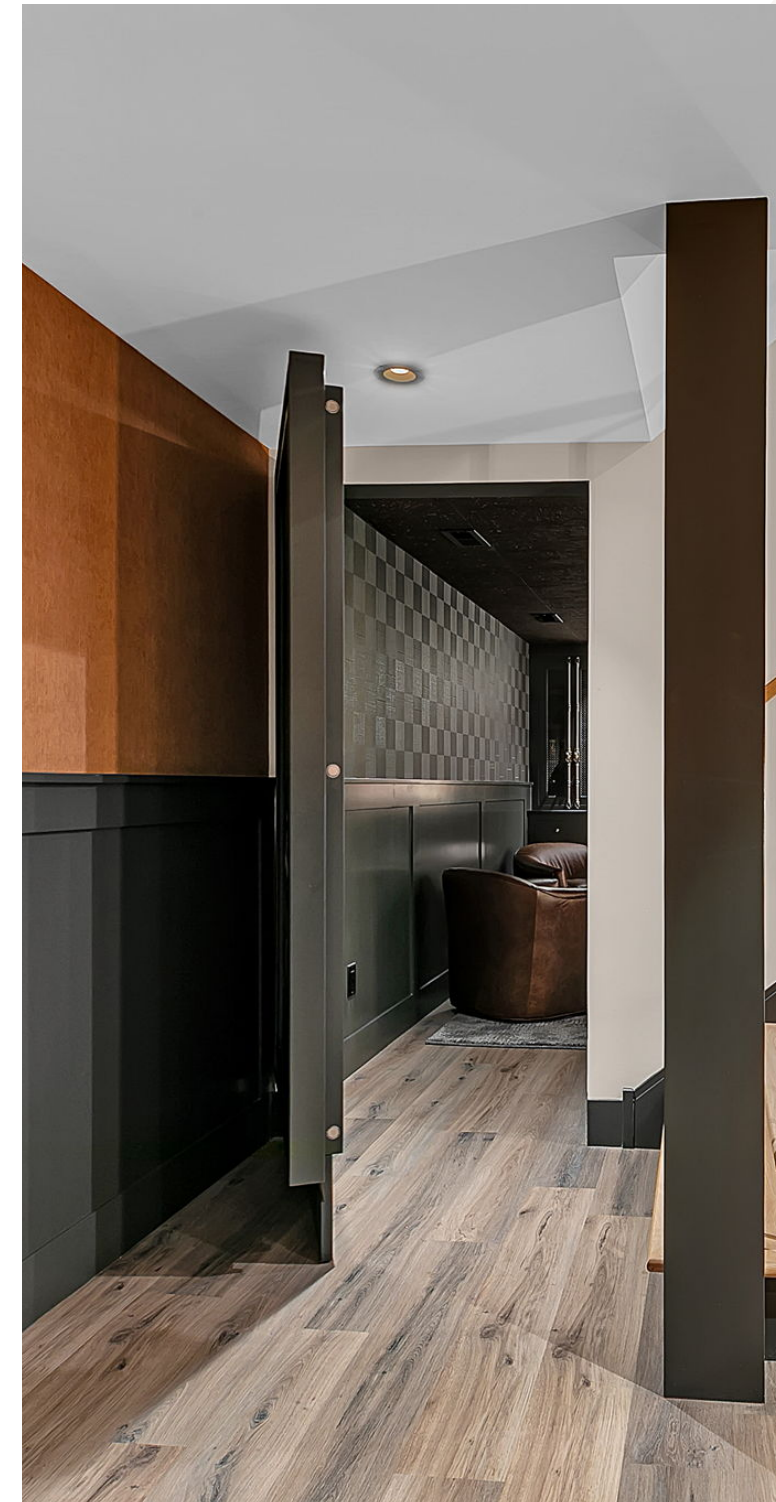

A speakeasy was added to the basement. The defining element of the speakeasy is its hidden entrance. Concealed behind a custom door that appears to be a piece of artwork, the entry creates a sense of mystery, discovery, and anticipation that is central to the authentic speakeasy experience. The door features an original commissioned painting depicting the homeowners relaxing along the riverside, making it both a highly personal statement and a functional design feature. Guests are often surprised to discover that what appears to be artwork is actually the gateway to a remarkable space beyond.
