Dear Representative Luetkemeyer:

The National Creditors Bar Association is grateful for your continued support and leadership in addressing the egregious actions related to "Operation Choke Point." Over the past few years since "OCP" began a number of members in the National Creditors Bar Association were unilaterally impacted by their banks. This letter serves as official support from the National Creditors Bar Association for H.R. 2706: Financial Institution Customer Protection Act of 2017.
