

CONNECTICUT CREDITOR BAR ASSOCIATION, INC. MISSION STATEMENT

The Connecticut Creditor Bar Association, Inc. was organized in 2010. Full membership in CCBA is limited to Connecticut attorneys who limit the portion of their practice devoted to creditor / debtor issues exclusively to the representation of creditors (with the exception of foreclosure defense and consumer bankruptcy). CCBA was created for the following purposes:

- To further and promote the image, function and effectiveness of the legal profession engaged in the collection of consumer and commercial debt, creditor rights, creditor representation in bankruptcy and related areas of the law pertaining to consumer and business credit.
- To elevate the standards and improve the practice and ethics of those attorneys involved in the area of debt collection law.
- To educate the public and members of the credit and collection industry as to various aspects of the legal debt collection industry.
- To provide practical ideas and experience toward the adoption of legislation and court rules which strengthen and improve the judicial system, equitably address issues involving the debt collection industry, the attorneys engaged in debt collection and the rights of the credit-granting public.
- To provide CCBA members with an opportunity to network and become more educated through the open and productive exchange of ideas in fraternity and in mutual confidence.
- To gather and disseminate information and material relative to credit and the responsible use thereof which may be valuable to the members of the Association, the legislature, the judiciary and the general public.
