

Florida Apartment Industry Information

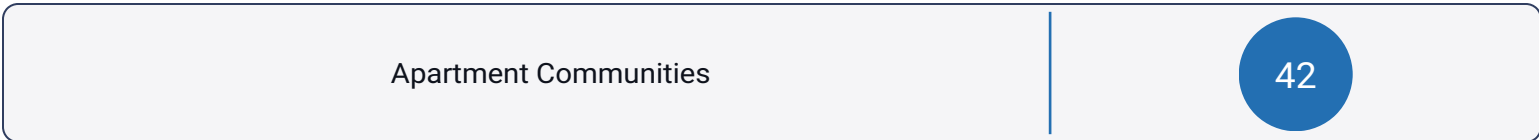

ABOUT THE FLORIDA APARTMENT ASSOCIATION:

The Florida Apartment Association represents more than 750,000 apartment homes across the state of Florida. FAA represents a diverse array of apartment property types: new and old, urban and rural, luxury and affordable, privately developed and state tax-assisted, large management companies and small individual owners, assisted living facilities for seniors, and corporate housing.

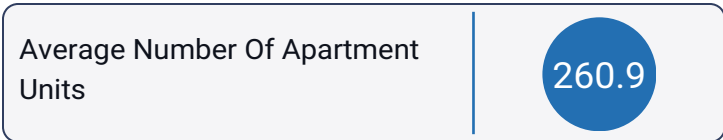

FLORIDA APARTMENT DATA:

Florida has 1.4 million apartment homes that are home to 2.7 million residents. These apartment communities and their residents contribute more than \$206.6 billion to the state's economy on an annual basis. Additionally, the apartment industry supports 1.2 million jobs across the state (Source: weareapartments.org).
