

IKEA to open new Redmond Plan & order point with Pick-up on February 11, 2026.

The new format store will be the second IKEA location in the Seattle metro area.

Conshohocken, PA (February 2, 2026) – IKEA U.S. is excited to announce that the IKEA Redmond Plan & order point with Pick-up will open on Wednesday, February 11, 2026. To celebrate the official opening, there will be a grand opening celebration at 9:45 a.m. with giveaways, food samples and remarks from Redmond Mayor, Angela Birney; Plymouth Housing Director of Partnerships, Mary Lagomarsino; and IKEA Redmond Manager, Ilana Borochoff. IKEA Redmond is located in the Redmond Town Center at 7325 166th Ave. NE.

This new format store is the second IKEA location in the Seattle metro area and allows IKEA to better meet the needs of today's consumers to become more accessible and affordable, bringing home furnishing products and solutions closer to IKEA enthusiasts.

"The Redmond location is just one of the many ways we are working to meet the area's demand for IKEA home furnishings. We are excited to open our doors and eagerly anticipate welcoming area residents to this new IKEA experience," said Ken Bodeen, IKEA Renton Market Manager.

The IKEA Redmond Plan & order point with Pick-up is one of many new format stores that are part of the growth strategy for IKEA U.S.—increasing accessibility to ensure there are more ways to meet customers where they are and how they like to shop. It is different from the traditional large-format IKEA stores as it allows shoppers to schedule appointments to meet one-on-one with expert IKEA planners for personalized design consultations for kitchens, bedrooms, bathrooms, small space living, and more. While customers are unable to take products home same day, IKEA co-workers can arrange for delivery or schedule orders to be picked up at a later date.

With this additional IKEA Pick-up point, online shoppers at [IKEA.us](https://www.ikea.us) will have another option to pick up qualifying orders when and where it is convenient for them by selecting IKEA Redmond as their preferred pick-up location at checkout.

"I'm thrilled to lead this exceptional team of knowledgeable IKEA coworkers," stated Borochoff. "Together we are committed to delivering an outstanding and personalized customer experience to shoppers. We look forward to welcoming our neighbors and becoming a valued addition to this vibrant community."

IKEA is dedicated to enhancing the customer experience with a variety of customer meeting points and locations that complement each other and meet people's different needs. In addition to opening new Plan & order points in city centers, IKEA U.S. has made significant investments to enhance its e-commerce experience and service offerings, including new IKEA Family rewards and benefits, lower priced shipping and delivery, Click & collect, and TaskRabbit assembly services.
