

# Join Us for a Free Movie Screening and Panel Discussion

“Screenagers Under the Influence: Addressing Vaping, Drugs and Alcohol in the Digital Age”

Thursday, November 7 | 6 to 8 p.m. | EvergreenHealth Surgery & Physicians Pavilion

The substance use culture has never been as appealing and accessible to teens as it is today. Join us at EvergreenHealth for the powerful documentary, “Screenagers Under the Influence: Addressing Vaping, Drugs and Alcohol in the Digital Age” on Thursday, November 7, 6 to 8 p.m.

This 50-minute movie delves into how the tech revolution has reshaped adolescence and its effects on substance use. The film debunks myths and depicts strategies parents and schools can use to encourage healthy decision-making, support teen mental health, set limits, and create healthy home environments. The film also includes many ways young people are using their wisdom and strength to help each other and themselves through this complicated terrain around substance use.

This free screening will be followed by a Q&A session with a panel of experts, parents, and teens. Light refreshments will be served. Join us to learn more about the changing landscape of substances themselves and solutions to best empower teens as they face decisions about what they will and will not be influenced by.

Register now to join us Thursday, November 7, at 6 p.m.

EvergreenHealth Surgery & Physicians Pavilion, 12333 NE 130th Lane | Tan 100/101

This event is brought to you by EvergreenHealth’s Community Health Education team. While there is no charge to attend, advance *registration is required* and seating is limited to 70.
