

Building Resilient Communities in a Changing Climate

Friday, May 18, 2018

8:30 a.m. – 3:30 p.m.

The Ohio State Fawcett Center
2400 Olentangy River Road
Columbus, Ohio 43210

The Ohio State University and the Mid-Ohio Regional Planning Commission (MORPC) are joining to host a dialog on “Building Resilient Communities in a Changing Climate.” Representatives from Ohio State, MORPC, and central Ohio communities will discuss the challenges facing local infrastructure and the public health resulting from changing climate patterns. The forum will highlight what actions are currently being taken to combat these problems, and how Ohio State, MORPC, and local communities can work together to best prevent, mitigate, and adapt to the effects of our changing environment.

We invite you to join us for this free forum focusing on challenges facing professionals in transportation, water and energy utilities, and public health and safety.

[Registration](#) is required, by May 14.

We look forward to seeing you on May 18!
