

Township Webinar Subscription

***All OTA webinars for all Active & Affiliate members
in the township. All year.***

The Township Education Subscription will allow townships to make a **single payment of \$250 or \$175 with the County-Wide Discount** to grant the Active and Affiliate members within their township access to the **current and archived webinars for the calendar year**. This provides an opportunity for all townships to optimize their resources by attending more webinars at a low cost. We aim to make it easier and more affordable for everyone to take advantage of the one of the best benefits the OTA has to offer—education designed with townships in mind.

With this subscription, all active and affiliate members of the OTA from the subscribing township will gain access to online training resources provided through the subscription. This subscription includes access to the **new webinars throughout the year** and our **entire webinar archive** found in the Resource Center. The subscription period will begin on January 1 of each year and expire on December 31, regardless of when a township signs up.

It is important to note that these benefits are exclusively available to OTA members and not offered externally.
