WHAT ARE THE KEYSTONE AWARDS?

The Keystone Awards are a friendly competition where apartment communities are judged on their leasing abilities, maintenance readiness, and overall community appearance and offerings.

The Keystone Awards, previously known as the PAA Best of Apartment Living Awards, are an annual competition in which properties are judged by an independent company as a revealed or secret shopping reporter. The shopper utilizes criteria developed by the Keystone Awards Committee to assess the properties overall performance -through the eyes of a prospective resident.

Why companies participate in the Keystone Awards:

- Shopping reports can be used as a training tool for new and existing employees.
- Incentive for property teams to excel and maintain a property they are proud of.
- Recognition as a premier property in PA.

The Keystone Awards registration is from March through mid-April. Properties are judged May through July, when at their peak performance.

When you register for the Keystone Awards there are two tracks to choose from:

- Property Awards are judged by age, type of property, size of property, and price.
- Individual Awards are to recognize specific team members who excel at their role. A detailed analysis of both will be described in this publication.

Updates to the program for 2024:

- New venues have been announced for the galas, with an improved program format that allows for better networking and more celebrating!

- It is important when completing the application that you choose the type of property you represent.
- There will be no phone shop in 2024. This has been replaced by a website inquiry.
- If you enter for the Maintenance Excellence Award, the shop will attempt to schedule an appointment twice. If the appointment cannot be met, the property forfeits the Maintenance Excellence Award Program.
- If you have one Maintenance Shop for multiple properties, you will only be able to register one Maintenance Excellence Shop and designate the property that is being nominated.
- Overall and Maintenance shops for 2024 will be a scheduled tour. If a shopper is unable to tour the community, they will make one additional attempt to return. Failure to tour the property will be documented and the entry will be forfeited by the property.
- When the property has registered for the award program, and at the time of the shop there is no vacancy, model or make-ready to show, an alternate option should be provided for the prospect in terms of virtual tour, photos, common area tour, grounds, and amenities tour.
