# TOP NOTCH

---

Within each division, the Top Notch Award is given to the company or school who receives the greatest number of Best of Category awards in their respective division (with a minimum of 10 entries). In the event of a tie, the winning company/school is chosen by the highest total of all Best of Category awards and Awards of Excellence. This prestigious award reflects an overall excellence in the application of various printing processes.

We are proud to showcase the 2022 winners.

The 2022 Top Notch Awards are generously supported by Prisco.

# BEST OF DIVISION

---

During the judging of the Print Excellence Competition, one entry from each division (1-5) is singled out as the Best of Division piece. There are no limitations, other than that the piece be the finest and most skillfully produced within its division. Judges rely on one piece to stand out from the pack — and one always does.

We are proud to showcase the 2022 winners.

The 2022 Best of Division Awards are proudly supported by Heidelberg.
