

Holy Family
UNIVERSITY

The Ethical Responsibility of Integrating Science into Practice

Dr. Diane Menago
Licensed Psychologist
Professor of Psychology

Christopher White, LPC
PsyD Doctoral Student
Counseling Psychology

1

**Program
Description**

- review ethical guidelines for evidence-based practice
- identify strategies to apply research in real-world settings
- discuss challenges in bridging science and practice, particularly within private practice environments.

 Holy Family UNIVERSITY

2

As a psychologist what is your ethical responsibility to integrate scientific research into clinical practice?

How can you do this while respecting client integrity?

What are some of the challenges to bridging science and practice?
