

# WATER & CROSS CONNECTION TRAINING

## FREE CROSS CONNECTION CONTROL CEU TRAINING | MAYFIELD 2024

Thursday, April 11, 2024

0.6 Water & Cross Connection CEUs

### TIME

### AGENDA ITEM

**9-10:30 AM**

**DDW Updates** | *Gary Rager (DDW)*

DDW Staff will explain what they want to see in a cross connection program when they perform a sanitary survey at your water system.

**10:30 AM-12:00 PM**

**Authority Statements** | *Janell Braithwaite & Kelsey Johnson (RWAU)*

Janell and Kelsey will cover the first element of your Cross Connection Control Program, authority statements. This includes city ordinances and privately owned water system by laws. Together they will review a water system's authority statement with a fine-tooth comb and offer suggestions and updates for a more effective enforcement.

**12-1 PM**

**Lunch (on your own)**

**1-2:30 PM**

**Chem Dispensers** | *Greg Hand (Back Flow Training Services)*

Chemical dispensers are tricky cross connections. What is an ASSE 1055? In this session, attendees will learn how to recognize chemical dispensers as a cross connection and the proper protection required.

**2:30-4 PM**

**Hazard Assessments** | *Kelsey Johnson (RWAU)*

This presentation will give the attendee guidance to prepare for cross connection hazard assessments in their water systems.
