

WATER & WASTEWATER TRAINING

GOLF SCRAMBLE 2024 | CEDAR HILLS

Wednesday, June 12, 2024

0.2 Water & Wastewater CEUs

TIME

AGENDA ITEM

7-8 AM

Registration Opens

8-10 AM

Defensive Driving Training | *Jason Watterson (Utah Local Governments Trust)*

How's your driving? Be honest, we all could improve a little...OK, A LOT!

Car crashes are too common in our water and waste water operations. Besides the cost of the crashes, statistics show that if you die on the job, it will likely happen while you are driving! In this session, we will cover the essentials skills and tools you need to be a defensive driver. We will cover distracted driving, speed management, managing dangerous intersections, aggressive drivers, how to stay alert while driving, driving in poor conditions and many more subjects. Come ready to be entertained while adopting techniques that will save your life!

10 AM-3 PM

Golf Scramble & Lunch | *Cedar Hills Golf Course*

11 AM- 1 PM

Lunch

3-3:30 PM

Prize Giveaway
