Thursday, May 15, 2025

0.6 Water CEUs Available | Ukon Water Co

TIME

AGENDA ITEM

9-10:30 AM

Asset Management 101 | *Curt Ludvigson, RWAU*

Curt will be going over best practices when it comes to asset management for systems small and large. He will use Utah-based examples as well.

10:30 AM-12 PM

Changes to Chlorine Testing and Reporting Requirements | *Luke Treutel, DDW*

Luke will be giving DDW updates and guidelines regarding chlorine testing. He will also be teaching on reporting requirements regarding DDW expectations.

12-1 PM

LUNCH

1-2:30 PM

System Specific Sizing; DDW Permitting Process |

Michael Newberry and Dani Zebelean, DDW

Michael will be going over minimum separation standards. Dani will cover System specific sizing.

2:30-4 PM

CCRs and Rule Changes | *Jenny Rosal, RWAU*

Jenny will be going over how to create CCRs and the importance of CCRs to you and the public. She will also be going over all of the new updates, requirements, and rule changes.
