

WATER TRAINING

FREE WATER CONVERSATION CEU TRAINING

Thursday, October 09, 2025 | Heber City, UT/Online

0.6 Water & Water Conservation CEUs Available

TIME

AGENDA ITEM

9-10:30 AM

Leak Detection | *Jake Wood, RWAU*

Jake will cover water auditing during the first afternoon session. He will also be covering best practices when it comes to leak detection.

10:30 AM-12 PM

Water Conservation Pricing, Budgeting, & Landscape Watering Times | *Janell Braithwaite, RWAU*

Janell will cover how a system can appropriately price water conservation and other budgeting practices. She will also cover best practices for landscape watering times.

12-1 PM

1-2:30 PM

LUNCH

Water System Efficiency | *Nate Langston, RWAU*
Nate will cover best practices for systems to implement water system efficiency. He will also cover how to conduct a water loss audit.

2:30-4 PM

Water Conservation Plans & Updates | *Josh Zimmerman, DWRe*

The teacher will cover creating a water conservation plan including the system profile, determining water use, calculating GPCD, and metering & benchmarking conservation progress.
