

TOP REASONS TO BECOME A National Framers Council Member

1 FrameSAFE Subscriptions

FrameSAFE is the premier bilingual guide for safety on the jobsite. Written by Framers for Framers, FrameSAFE provides an excellent resource for creating an OSHA-compliant safety program that is based on OSHA 1926.20.

Samples: [Orientation Checklist](#) and [Safety Manual Template & Toolbox Talks](#)

2 OSHA Best Practices

- Documentation to help comply with OSHA
- Support group assistance on framing issues

3 Fast, Friendly Technical Support Hotline

Need help? We're just a click away! [Start Here](#)

4 Community of Industry Professionals

- Database/Network
- Ask questions
- Gain Perspective
- Participation on NFC Committees

5 Regional Mentorship Program

NFC created a team of regional mentors to support new FrameSAFE subscribers as they delve into all the program has to offer. Learn more about the FrameSAFE program, or if you're already a subscriber, contact NFC to get your region mentor's contact information.

ABOUT NFC

Our Purpose

NFC membership will develop and implement best practices to:

- Help ensure all framers leave the jobsite each day in the same health as they arrived in the morning.
- Standardize jobsite safety practices and create common sense based best practice approaches to framing.
- Develop training tools to increase understanding of all the details necessary to end each project with a quality framing job.
- Groom industry professionals and create an environment where framing is viewed as a valuable career with professional growth opportunities.
- Increase knowledge about business management practices and benchmarks.
