**FOR IMMEDIATE RELEASE**

**SBCA Hosting In-Person Bootcamp Focused on Quality**

**IRVING, TX – January 7, 2025** – In 2025, SBCA is putting an emphasis on in-plant quality by holding two-day, in-person bootcamps across the country in each region that will focus on training all employees, from front-line production workers to upper management, on the various tools and resources available to component manufacturers (CMs) that seek to improve the quality of products coming out of the plant.

The first event will be held **February 11-12, 2025, in Phoenix, Arizona**. The schedule will be broken up into two parts, the first intended for managers and the second geared towards inspectors. Over the course of two days, SBCA instructors will cover a wide range of quality topics following this schedule:

**Bootcamp AM Day 1—Classroom (For CM Managers/Owners)**

8:00a-12:00p Management/Owner’s Role in Quality Management

**Bootcamp PM Day 1—Classroom (For Production/QC Inspectors)**

1:00p Quality Control vs. Quality Assurance and Components of a Quality Program

1:30p ANSI/TPI 1 Chapter 3: Learn it, Embrace it, Love it!

2:00p Proper Paper/Vellum based QC inspections

3:00p Break

3:15p SBCA Digital QC Overview & Demonstration

4:15p Quality Audit 3rd Party Inspections

5:00p Adjourn Day 1

**Bootcamp Day 2—Hands-On Training (For Production/QC Inspectors)**

8:00a QC Inspection Demos, Comparing Traditional Paper-and-Pencil to Digital QC

10:00a Using the Digital QC Website and Inspection Reports

12:00p Adjourn Day 2

To register for this event and book a hotel room, [click here](#). Look for more announcements in the near future for additional in-person quality bootcamp dates and locations.

**About SBCA**

The Structural Building Components Association (SBCA) is a trade association representing manufacturers of structural building components. Its membership also includes truss plate suppliers, original equipment manufacturers and resellers, computer software companies, lumber suppliers, builders, and professional individuals in various fields, including engineering, marketing, and management. SBCA provides services its membership needs to continue expanding the market share of all structural building components by promoting the common interests of those engaged in manufacturing trusses, wall panels, and related structural components; to ensure growth, continuity, and increased professionalism, which will strengthen the structural building component manufacturing industry’s influence.
