

CAMERON ASHLEY
BUILDING PRODUCTS

April 7, 2026

Dear Valued Customer,

We want to inform you of upcoming price increases affecting spray foam products.

All major manufacturers and blenders have announced price increases in the range of 8% –12%, with effective dates occurring throughout April and early May. In response to these supplier increases, Cameron Ashley will be implementing a price increase of 8% –12% on spray foam products.

Effective Dates:

- **Manufacturer Direct Shipments:** Effective per each manufacturer's announced effective date
- **Out of Warehouse and Customer Pick-Up Orders:** Effective May 1

Because each supplier has slightly different effective dates and terms, we will be following the individual supplier announcements for direct shipments; however, all Cameron Ashley out-of-warehouse and pick-up pricing will be aligned to an effective date of May 1.

We will communicate updated pricing after we have completed our review of supplier increases and confirmed market conditions, no later than **April 29**. Copies of all announced increases can be found on **CONNECT** under Resources.

Please reach out to your Cameron Ashley Sales Representative if you have upcoming projects, inventory needs, or would like to review purchase timing ahead of the increase. In the event you do not have the direct contact information for your sales resource readily available, please call **800-CAMERON** for immediate assistance.

We are grateful for our relationship and the opportunity to support your business.

Sincerely,

A handwritten signature in black ink, appearing to read 'Donny DeMarie', is written over a white background.
