# SBCA™ DIGITAL QC

**Scan the Code to get started today!**

Build Better Trusses

Save Time on Inspections

Increase Efficiency

Eliminate Paper, Pencils, Clipboards

Gather Meaningful Data

Improve Your Products and Processes

Take Corrective Action

Educate & Train Your Employees

An In-plant Quality Control Program is required for all Component Manufacturers per ANSI/TPI 1. Meet your QC Requirements in a fast, friendly, flexible way with Digital QC!

SBCA Digital QC is FREE for SBCA Members

Works with files from all major design software including Alpine, Eagle Metal, MiTek and Simpson Strong-Tie.

Available for Windows, Android and iOS!
