## OVERVIEW

### Sponsor the Nation's Leading Broadband Conference for Anchors

<b>400+</b> Attendees	<b>20+</b> Breakout Sessions	<b>130+</b> Speakers	<b>10+</b> Hours of Networking
--------------------------	---------------------------------	-------------------------	-----------------------------------

AnchorNets brings together the full spectrum of broadband leaders, from policymakers and executives to boots-on-the-ground professionals who work directly with schools, libraries, and healthcare providers.

Attendees are shaping how billions of dollars in federal funding for E-Rate, Rural Health Care, and BEAD are used to serve real community needs.

As a sponsor, you'll gain direct access to the people making decisions and the ones implementing them. It's a chance to build meaningful relationships and grow your presence in a fast-evolving market.

Let's partner to make broadband work for everyone.

#### AnchorNets Attendee Testimonial

*"Thank you, SHLB, for all the work you put into this event!  
I look forward to the SHLB conference every year, and every year  
I learn something new and meet new people!"*

The Schools, Health & Libraries Broadband (SHLB) Coalition advocates for affordable, high-quality broadband for schools, libraries, and healthcare organizations in order to expand access to education, information, and essential services.

SHLB connects broadband leaders with policymakers to shape decisions that support schools, libraries, and healthcare organizations.

SHLB connects a diverse network of broadband leaders, fostering collaboration, innovation, and shared solutions to strengthen community initiatives.

SHLB provides expert, data-driven analysis on broadband policy, keeping members informed with real-time updates, research, and direct insights from policy leaders.

SHLB's premier event, AnchorNets, brings together stakeholders from the education, healthcare, and library sectors to explore critical issues surrounding broadband access and policy.
