        What do you think is ment by the USAC FAQ item...4.2: It
depends. Pilot funding may be used to pay for existing cybersecurity
services and equipment to the extent such services or equipment are
not being paid for through another funding source and were awarded
consistent with the competitive bidding exemption adopted in the
Order. The exemption applies if the services or equipment were awarded
pursuant to a master services agreement (MSA) negotiated by a federal,
state, Tribal, or local governmental entity on behalf of a Pilot
participant(s); and such MSA(s) were awarded pursuant to the E—Rate
program FCC Form 470 process, as well as applicable federal, state,
Tribal, or local competitive bidding requirements. The services and
equipment are otherwise ineligible for reimbursement through the Pilot
Program.

        What will be the eligible service/equipment delivery dates?
For example, will it be starting January 1, 2025? Applicants are
asking so they can determine costs and whether they can/want to apply
for the program.Thanks!

Here is a link to the Part 1 User Guide: : www.usac.org/wp-content/uploads/e-rate/documents/cyber_pilot/tip_sheets/FCC-Form-484-Part-1_User-Guide.pdf: www.usac.org/wp-content/uploads/e-rate/documents/cyber_pilot/tip_sheets/FCC-Form-484-Part-1_User-Guide.pdf
13:56:56 -:
Could you hyperlink this? It won't allow copy and paste.
13:57:12 -:
Does this work? www.usac.org/wp-content/uploads/e-rate/documents/cyber_pilot/tip_sheets/FCC-Form-484-Part-1_User-Guide.pdf
13:57:34 -:
Unfortunately not Julia.
13:57:39 -:
It won't allow a link to be created. :(
13:57:41 -:
Zoom not allowing copy/paste
13:58:28 -:
Does someone want to tell folks what will happen to all the unanswered questions in the chat?
13:59:07 -:
John, I've captured the unanswered questions
13:59:10 -:
It would be helpful if we could get a copy of those and we'll use those to inform our FAQs
13:59:28 -:
Julia, there are two links in that original post that Sue made. I had to pick the right link and copy paste.
13:59:33 -:
I also have captured the results from the polls.
14:00:23 -:
Thank you for the information.
14:01:40 -:
I hope the FCC will answer the remaining questions in an FAQ as well.
14:02:38 -:
Thank you, all!
