A MESSAGE FROM OUR CHAIRMAN

SLMA Family-

Gina and I look forward to welcoming you to Colorado this summer! The Broadmoor is an outstanding resort where we can enjoy

the beautiful mountain scenery, many fun activities, and most of all, each other's company.

Over the past year, our industry and the country have continued to experience times of uncertainty. Even with the challenges we have faced, I believe that our membership has proven to be resilient, and I am proud to have been able to serve as your Chairman during this time. The Association continues to grow, with new members joining our ranks and strengthening our efforts to improve the business environment for our industry while also bringing new experiences and friendships to share at our networking events. I am confident that the Association's leadership and staff is well suited to continue growing the Association and meeting the needs of our industry into the future.

Thank you for supporting the Association and me over the last year. We look forward to seeing you in Colorado!

Hunter McShan
McShan Lumber Co., Inc.
2021-2022 SLMA Chairman

KEYNOTE & BUSINESS SPEAKERS

Keynote - Dave Barry

Dave Barry has been a professional humorist ever since he discovered that professional humor was a lot easier than working.

For many years he wrote a newspaper column that appeared in more than 500 newspapers and generated thousands of letters from readers who thought he should be fired. Despite this, Barry won the Pulitzer Prize for commentary, although he misplaced it for several years, which is why his wife now keeps it in a secure location that he does not know about. One of Barry's columns was largely responsible for the movement to observe International Talk Like a Pirate Day every year on September 19. This is probably his most enduring achievement.

Barry has written more than 30 books, including the novels *Big Trouble*, *Lunatics*, *Tricky Business* and, most recently, *Insane City*. He has also written a number of books with titles like *I'll Mature When I'm Dead*, which are technically classified as nonfiction, although they contain numerous lies. Two of Barry's books were the basis for the CBS sitcom *Dave's World*, which can probably still be seen on cable TV in certain underdeveloped nations.

Barry lives in Miami with his family and a dog that is determined to urinate on every square inch of North America.

Softwood Lumber Board Update - Ryan Flom

Ryan Flom is the Chief Marketing Officer of the Softwood Lumber Board, an industry-funded initiative established to promote the benefits and uses of softwood lumber products in outdoor, residential, and non-residential construction. With 20+ years of experience in media, marketing, and business development, he joined the SLB in 2018 and has elevated the SLB's funded programs – ensuring the organization's investments in research, education, building codes and standards as well as design/build consulting, support AEC stakeholders and the grow the market for softwood lumber.
