

# SMFM Fellowship PD Meeting

# Important dates 2024

## 1. Interviews:

1. April 28, 2024 – deadline for applications
2. May 20, 2024 – single notification date
3. May 28, 2024 – initial deadline to accept or decline interviews

# Important dates 2024

1. First Year Fellow  
Retreat:
  1. **Friday** 10/25 - **Sunday**  
10/27

# Requests

1. Update your website with new application/interview dates as soon as possible
  - \*Consider looking at late applications, just this year
2. Provide us with new fellow contact info as soon as you have it
  - \*Not their residency email

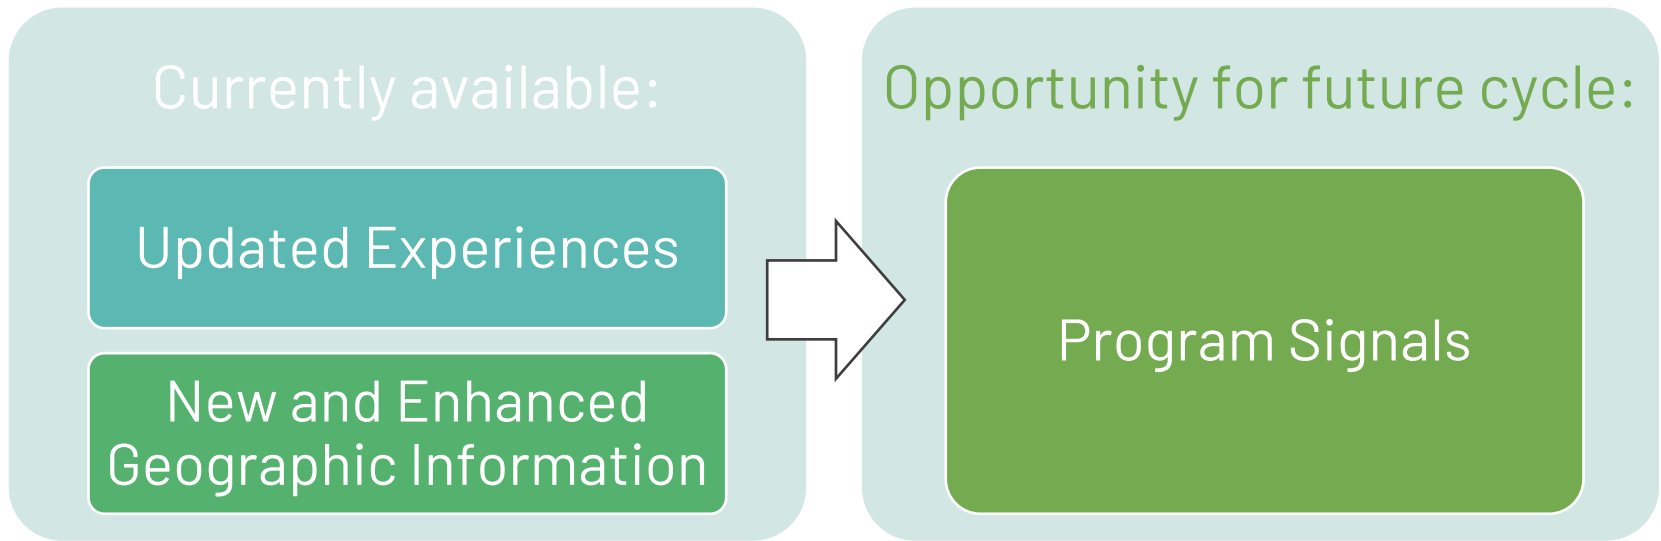

## More requests

### Things to notify SMFM about:

1. Changes to program leadership/contact info
2. Plans not to participate in the Match or change complement (NRMP asks us for this data)

For your  
consideration

Signaling – AAMC is offering, think about it and we will poll you in the near future

# Experiences

## Experience Type, Primary Focus Area, & Key Characteristics

### Paint a picture of an applicant...

What is important to them?

What specific qualities do they bring to your program?

## Most Meaningful Experiences

### Tell a story about each applicant...

Why were these experiences most meaningful and how did they influence them?

## Impactful Experience (if applicable)

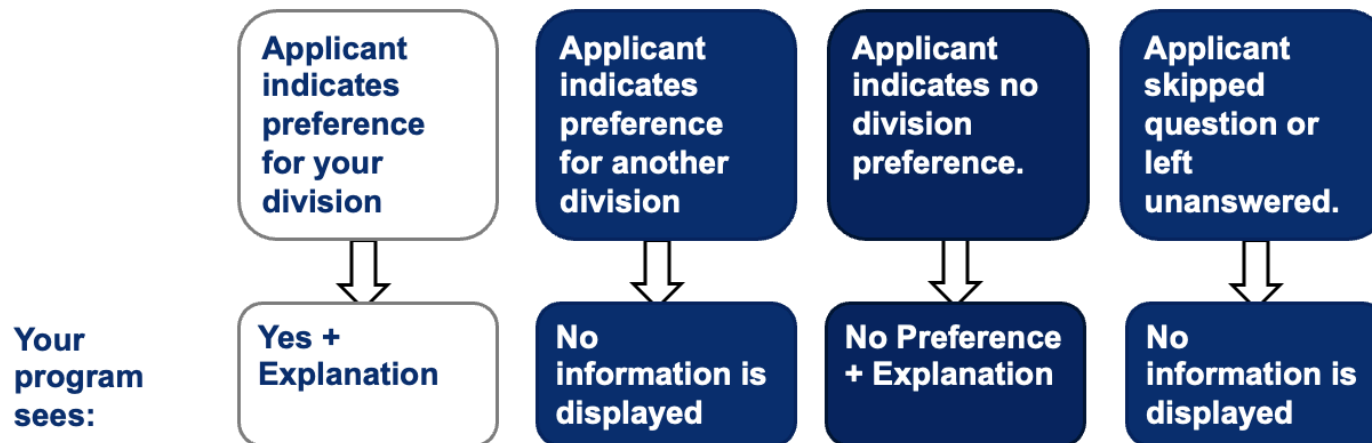

### Provide additional context to the application...

What other background or life experiences applicants may have encountered or overcome on their journey to residency

# How are geographic preferences shared with programs?

# AAMC Initial Recommendations for Maternal Fetal Medicine

5 Small Signal Approach

Maternal • Fetal  
Medicine

# OBGYN: Interview Rates by Program Signal Status

Number of OBGYN programs plotted: 174  
(2023 ERAS cycle).

Applicants who sent a gold signal:

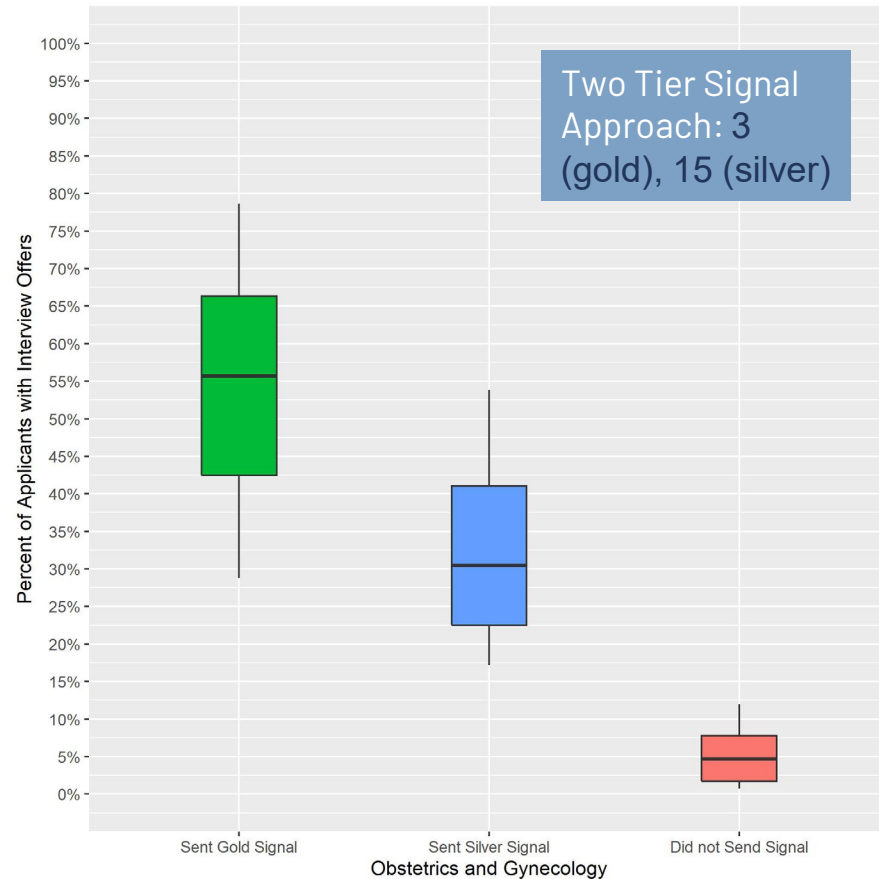

- Median of interview offers: 56%.
- 10th percentile: 29%.
- 90th percentile: 79%.

Applicants who sent a silver signal:

- Median of interview offers: 30%.
- 10th percentile: 17%.
- 90th percentile: 54%.

Applicants who did not send a signal:

- Median of interview offers: 5%.
- 10th percentile: 1%.
- 90th percentile: 12%.

Society for  
Maternal•Fetal  
Medicine

Would need to decide  
by early fall for 2025  
applicants - PD poll  
coming, keep an eye  
on your email!
