

2025 CANDIDATE ENDORSEMENTS

GENERAL ELECTION
NOVEMBER 4, 2025

TAA-PAC is proud to endorse several candidates in various municipalities this November. These candidates share our Association's vision on issues from smart growth and housing affordability to workforce and economic development. Please consider voting for them on November 4.

Endorsements from the TAA-PAC are based on:

- Recommendations from Members and TAA Staff
- Interviews with potential candidates
- Assessment of the candidates' positions on issues of important to TAA members
- Evaluation of the candidates' electability: the strength of the opposition, their need for funds, and an analysis of voter registration in each legislative district.
