**MEMBERSHIP ROSTER  
& PRODUCT GUIDE**

Hello friends,

It is an honor to present the 2026-2027 edition of the Texas Surplus Lines Membership Roster and Product Guide. Here in our 70th Anniversary year “The Purple Book”, continues to be known throughout the industry. This annual publication is used by independent agents and professionals while placing surplus lines business in the Great State of Texas.

We are truly fortunate to have such a popular guide to the best in the Texas surplus lines industry. Whether you are looking for an MGA, MGU, E&S insurance company, claim specialist, TPA, company, recruiting agency or law firm. You can find the best here.

TSLA prints over 2,500 Purple Books each year which are distributed during the year at various trade shows throughout the state. Retail agents, their account service teams and others in the retail insurance industry can keep a copy of this on their desk and refer to it anytime they need an industry specialist to help them with their specific placement needs in any business class.

If you missed your copy from the trade shows, copies are mailed to TSLA, IIAT and FIWT members. If you would like one mailed to someone specific, please contact us directly @ [jptsla@tsla.org](mailto:jptsla@tsla.org). A downloadable digital copy of the Purple Book is available on our website at [www.tsla.org](http://www.tsla.org).

The Purple Book is a tremendous asset for anyone involved with the surplus lines market in Texas. Many thanks Jean Patterson and the TSLA Advertising Committee for their wonderful job of producing this wealth of knowledge here in your hands. Inside there is also information about TSLA, our members, Directors and Officers, upcoming events, and educational topics which can be taught to your organization.

Thank you for supporting TSLA and please let us know if you have any questions or if there is anything we can do to support you and your organization.

Regards,

# SPG Spotlight: Select Risk Services

Boutique wholesale brokerage built on expertise, relationships, and results.

## BUSINESS OVERVIEW

Founded in 2018, Select Risk Services (SRS) is one of the fastest-growing boutique wholesale insurance brokerage firms in the U.S., recognized for its consultative approach and deep specialization in the excess & surplus (E&S) marketplace. SRS takes pride in being select - focusing on complex, hard-to-place commercial risks that demand technical understanding, tailored negotiation, and trusted carrier access.

## WHO WE SERVE

SRS works with retail agents seeking coverage for non-standard or technically complex risks, including:

- **Environmental:**  
Pollution liability & environmental contractors
- **Construction:**  
Residential, commercial, heavy crane, utility, & street/road

## WHAT SETS SRS APART

### 2. Deep Underwriting Relationships

With over 100 carrier appointments & underwriting relationships spanning 15+ years, SRS maintains access to limited-distribution energy markets not available to general brokers. These long-standing connections allow for quick negotiation & creative placement solutions.

### 3. Multi-Line Capabilities

From General Liability & Auto to Workers' Compensation, Excess, Professional Liability, Pollution, Inland Marine, & Property, SRS delivers integrated placement strategies that simplify coverage for clients.

### 4. Boutique Speed & Service

Their focused, relationship-driven model ensures every account receives senior-level attention, faster turnaround, & responsive communication, a differentiator that fuels SRS's continued growth.

## A FEW THINGS TO CONSIDER WHEN SELECTING A BROKER

When choosing a wholesale partner, ask yourself:

### Who do I want negotiating on my behalf?

→ A broker that truly understands your industry, coverage needs, and the carrier landscape.

### How will this broker be different from the rest?

→ SRS provides timely, detailed, problem-solving communication that leads to optimal quotes with favorable coverage, terms, & pricing — on time, every time

**Built on loyalty, integrity, & long-term relationships. Delivering detail-oriented, value-added service to every partner we serve.**

**Need help with an energy, construction, or hard-to-place risk?**
