Edited by C. Winkler

Entrepreneurship Education and Pedagogy (EE&P) is USASBE's peer-reviewed opportunity for entrepreneurship educators to both publish their scholarship and showcase their practice. EE&P aims to provide a forum for the dissemination of research and learning innovations focused on educating the next generation of entrepreneurs. Conventional research relating to entrepreneurship pedagogy, androgogy and heutagogy is welcome, as is work that challenges convention. EE&P welcomes work related to entrepreneurship education and learning, broadly defined, from any discipline and at any educational level.
