

URBAN WATER INSTITUTE NEWSLETTER

Term: Fall | Issue 29 | Date: September 1, 2022

2022 Urban Water Institute Annual Conference Success!

It was fantastic seeing everyone in San Diego August 24-26, 2022!

This was our first time to convene an in-person event in San Diego since August 2019. We know UWI is known as a relationship-based organization and being in person helped us reconnect in a meaningful way.

This edition of the newsletter includes several photos taken during the conference. So many friends, colleagues and new water professionals enjoyed an excellent program and heart-warming social events.

Since we are now able to meet in person again, we believe there is less need to have monthly newsletters. Instead we will have 3 or 4 newsletters each year, beginning in January 2023, when we will be advertising the Palm Springs conference scheduled for February 22-24, 2022.

We look forward to seeing you there!

Opening presentation provided by Mayor Todd Gloria.
