

## Virginia Transportation Construction Alliance

### **CONTRACTOR MEMBER**

VTCA dues are \$850.00 per year. In addition, fees are based on revenue from transportation related work\* for the period of **October of the previous year through September of the current year**. VTCA will calculate your fees based on the Contractor Fee Schedule shown below. *Dues & fees will be capped at \$35,000.*

The company's total reportable revenue for this period is \$ \_\_\_\_\_ .

Contractor Fee Schedule		
Reported Revenue	Rate	Calculated Fee
First \$1,000,000	0.0024	
Next \$7,000,000	0.00132	
Over \$8,000,000	0.00018	
<b>TOTAL</b>		

Fee Calculation Example	
Total Revenue Reported: \$6,500,000	
Calculation:	
First \$1,000,000 x 0.0024	= \$2,400
+ Next \$5,500,000 x 0.00132	= \$7,260
<u>Total Fees on \$6,500,000</u>	<u>= \$9,660</u>

**I understand that my membership investment will be:**

	\$ <u>850.00</u>		Dues
+	\$ _____		Fee, as calculated per Contractor Fee Schedule
=	\$ _____		<b>Total Membership Investment</b>

*\*Dues for Contractor members are \$850.00 per calendar year. Fees are assessed based on the member's revenue from all VDOT and municipal contracts, joint venture agreements, and subcontracts performed in the Commonwealth of Virginia financed in whole or in part by public funds, including bond issues of local governments, associations, corporations or authorities on types of work normally performed by transportation contractors. Fees are based on revenue from work performed from **October 1 through September 30** of the preceding year.*

*Work involving airports, ports, rail, military facilities and private development is not included in the fee structure except to the extent that it includes work that is part of the Commonwealth's highway or street system and is funded in whole or in part by public funds or by bond issues as described above. The Commonwealth's highway or street system is meant to include highways, streets and related infrastructure throughout the Commonwealth whether built or maintained by VDOT or the Cities, Counties and/or Municipalities within the Commonwealth. Specifically, this includes all VDOT procurement, contracts awarded under the Public-Private Transportation Act (PPTA), all highway or street projects within Cities, Counties and Municipalities funded in whole or in part by Federal or State funds or bond issues.*

*In calculating the total volume it is intended that prime contractors will deduct from their gross dollar volume the dollar value of work performed by subcontractors who are members of VTCA at the commencement of the subcontractor's work. Subcontractors will be expected to report their volume of work in the same manner.*
