

Virginia Transportation Construction Alliance **ENGINEERING CONSULTANT MEMBER**

VTCA dues are \$850.00 per year. In addition, fees are based on revenue from transportation related work* for the period of **October of the previous year through September of the current year**. VTCA will calculate your fees based on the Engineering Consultant Fee Schedule shown below. *Dues & fees will be capped at \$35,000.*

The company's total reportable revenue for this period is \$ _____ .

Engineering Consultant Fee Schedule		
Reported Revenue	Rate	Calculated Fee
\$0 to \$1,999,999.99	0.0007	
\$2,000,000 to \$4,999,999.99	0.0006	
\$5,000,000 to \$9,999,999.99	0.0004	
\$10,000,000 and above	0.00025	
TOTAL		

Fee Calculation Example
Total Revenue Reported: \$5,500,000.00
Calculation:
First \$1,999,999.99 x 0.0007 = \$1,400.00
+ Next \$3,000,000.00 x 0.0006 = \$1,800.00
+ <u>Next \$500,000.00 x 0.0004 = \$ 200.00</u>
Total Fees on \$5,500,000.00 = \$3,400.00

I understand that my membership investment will be:

	\$ <u>850.00</u>		Dues
+	\$ _____		Fee, as calculated per Engineering Consultant Fee Schedule
=	\$ _____		Total Membership Investment

Dues for Engineering Consultant members are \$850.00 per calendar year. Fees are assessed based on the member's revenue from all VDOT and municipal contracts and subcontracts performed in the Commonwealth of Virginia financed in whole or in part by public funds including bond issues of local governments, associations, corporations or authorities on types of work normally performed by transportation planning, design, inspection and construction management engineering firms. Fees are based on revenue from work performed from **October 1 through September 30 of the preceding year.*

Work involving airports, ports, rail, military facilities and private development is not included in the fee calculation except to the extent that it includes work that is part of the Commonwealth's highway or street system and is funded in whole or in part by public funds or by bond issues as described above. The Commonwealth's highway or street system is meant to include highways, streets and related infrastructure throughout the Commonwealth whether built or maintained by VDOT or the Cities, Counties and/or Municipalities within the Commonwealth. Specifically, this includes all VDOT procurement, contracts awarded under the Public-Private Transportation Act (PPTA), all highway or street projects within Cities, Counties and Municipalities funded in whole or in part by Federal or State funds or bond issues.
