INTERNATIONAL

Ready, Set, Go!

It's time for our annual gathering, so get ready to recharge your batteries, renew friendships, and make new ones. After a year of planning, we are thrilled to kick off the next three days featuring a sold-out exhibit hall with more than 180 companies, fabulous keynote speakers, scholarship awards, and lots of opportunities to socialize and have fun.

If you are a repeat attendee, welcome back. If you are a first-timer, you will quickly realize what all the talk is about. You too will become a believer in the life-changing experience that is the WAI conference. To get the most out of your three days here, take some time to plan your own agenda and to-do list. The official conference app is a great tool to help you get organized. Mark the exhibitors you want to visit, and read about each day's keynote speakers. Pick up *The Daily* every morning to learn about featured sessions and any last-minute updates. Share your best photos and thoughts on social media, and don't forget to use our official conference hashtag **#WAI20**.

Are you looking to make a career change or start a new path? Attend one of the group hiring briefings offered by more than a dozen companies. You can also choose from a wide array of professional development seminars, as well as education sessions covering topics on careers, flying, history, innovation, maintenance, military, and personal development.

See Page 14 for sessions designed specifically for our chapter members. With more than 130 chapters around the world, WAI wants to continue our expanding network by providing the tools, resources, and ideas to make your chapter successful.

Take advantage of all the opportunities to introduce yourself, ask questions, and to listen. Here's to a successful conference for all of us, and enjoy this week's flight!

Teaching Long Term Self-Reliance

I was in the process of getting my private certificate in 2010 and joined the Utah Ninety-Nines club. When they learned about my non-profit, Pearls With Purpose, they were enthused at the opportunity to impact womens' lives in developing countries. They recommended I attend a WAI conference to gather the support of other socially-minded women in the aviation industry.

Since 2002, PWP has been achieving sustainable self-reliance for women rescued from sex trafficking in the Dominican Republic, Peru, India, Cambodia, Philippines, and Guatemala. Through ongoing mentorship, vocational training, and micro-grants—disadvantaged individuals are given hope, dignity, and a hand-up. The most popular vocational training is jewelry making with supplies locally sourced from each country. They include beautiful Grade A quality pearls from the Philippines, larimar from the Dominican Republic, and semi-precious gemstones from India.

To date more than 380 women have been trained in this artisan skill. The women utilize wire-wraping techniques along with sterling silver and 10K gold to create unique and timeless pieces. Our focus is on product movement—and long-term self-reliance—so each piece is affordably priced. You will feel good about this guilt-free indulgence knowing 72% goes back and 28% is used for marketing and social awareness. Pearls With Purpose focuses on bringing humanity back into consumerism.

Our focus at this week's conference is to move 500 pieces of jewelry and raise over \$15,000 in funds for our new co-ops opening in Africa in March—all donations are 100% tax exempt.

—Wendy Bird, WAI 1187, is the founder of Pearls With Purpose and will be exhibiting at booth 813 this week.

The Daily is a publication of Women in Aviation International, published during the annual conference.

Got Two Hours to Spare? Want to Have Fun? VOLUNTEER!

The annual International Women in Aviation Conference isn't possible without a small army of volunteers. In addition to the core team of the WAI staff, hundreds of volunteers pull together to make each annual conference a success. The huge team of volunteers also helps WAI keep costs for the conference down and permits more funds to be used for scholarships and other member benefits. But the real secret the volunteer corps is keeping is that they have more fun and meet the most interesting people through their volunteer work at the conference!

You must be a registered conference attendee to volunteer.

All shifts are two hours unless otherwise noted, but your help is needed for longer shifts—even whole days! We ask that all volunteers be able to commit to one two-hour shift. The choice of assignment is up to you, and volunteering is a great way to go from observer to participant. You'll enjoy your time as a volunteer! See Trish Deimer at the volunteer booth near the registration area in Veracruz C, or email her at volunteer@wai.org for an assignment.

WAI's Jazz With Wings Band is back

If you've never been to a hangar dance, now's the time. WAI's Jazz With Wings Band will be providing music for this free event, open to all registered conference attendees. The hangar dance starts tonight in Fiesta 6 at 8 p.m. and will run until 10 p.m. The hangar dance is sponsored by Wings Financial. WAI's Jazz Band will perform at the opening of the exhibit hall today and play the Star Spangled Banner before tomorrow's general session begins.

The WAI Jazz With Wings Band represents musical skills of all levels. You don't have to be a professional musician or a virtuoso performer to join the group. Enthusiasm counts so if you want to take part next year, contact Barb Lauer (barblauer51@gmail.com) who organizes the Jazz Band.

Hit the Beach!

The logo features the number '30' in a large, gold, sans-serif font. Above the '0' are several icons of aircraft: a propeller plane, a jet, a biplane, another jet, and a hot air balloon. Below the '30' are five curved, overlapping lines in red, orange, yellow, green, and blue, resembling a rainbow or flight paths. The background is a repeating pattern of the NGPA logo, which consists of a stylized bird or wing shape with the letters 'NGPA' below it.
