

## The Possibilities of a Headache-Free Med Pass

Join us to explore these critical issues facing long-term care facilities of all sizes, with a focus on medication management, resident and family expectations, and regulatory compliance.

- Wisconsin's Medication Pass Requirements, specifically the DHS regulations and how to ensure full compliance.
- Addressing the concerns of residents and families regarding medication delivery and ways to align expectations with the requirements of care.
- Packaging solutions that not only enhance safety but also improve efficiency, ensuring that the packaging fits your facility's needs, rather than forcing your facility to adapt.

*By the end of this session, you'll leave with actionable strategies to enhance care quality and compliance at your facility.*

**Join our session!**

**February 27**  
**3:30 p.m.-4:30 p.m.**  
**Room: African 60**

*We look forward to seeing you!*
