Wisconsin Department of Health Services Releases New COVID-19 Employer Guidance

PREVENTING & MANAGING

COVID-19 OUTBREAKS IN THE WORKPLACE

GUIDANCE FOR EMPLOYERS

P-02787 (10/2020)

The Wisconsin Department of Health Services has just released "[Preventing & Managing COVID-19 Outbreaks in the Workplace](#)" - guidance intended to support employers' efforts to limit the risk of virus transmission and to maintain their business operations.

Included within the 22-page document are:

- A step-by-step guide for what to do, when a worker tests positive for COVID-19
- An explanation of what to expect when working with local public health officials
- A rundown of various tests and testing strategies, **including serial testing** and how that may expedite a worker's return following close contact with a COVID-19 positive individual

Appendices to the guidance document also offer:

- A workplace controls checklist
- A simple daily screening tool
- A 14-day symptom tracking form, for those placed in quarantine
