#### **COVID-19 UPDATES**

## OSHA Reminds Large Employers of Previous COVID-19 Guidance After Supreme Court Ruling

In the wake of the U.S. Supreme Court's January 13 decision blocking the Occupational Safety and Health Administration's (OSHA) vaccine-or-test rule for employers of 100 or more workers, <u>OSHA is directing employers</u> to its <u>most recent guidance</u> on mitigating the spread of COVID-19 in the workplace. U.S. Labor Secretary Marty Walsh has <u>indicated</u> OSHA will proceed with enforcing COVID-19 workplace safety measures under the <u>COVID-19 National Emphasis Program</u> and the <u>General Duty Clause</u>.

WCMA will continue to share relevant updates on OSHA guidance and enforcement with members as they develop. Please contact <u>WCMA staff</u> with any questions.

### **ADVOCACY**

## WCMA Calls for Approval of Ag Export Boost

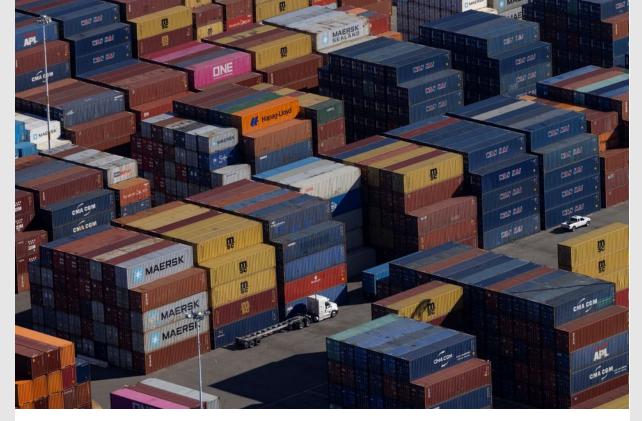

WCMA staff is testifying in support of Wisconsin Assembly Bill 882 (AB 882) and Senate Bill 827 (AB 827) in legislative hearings this week in a continued push to launch the Wisconsin Initiative on Agricultural Exports (WIAE). AB 882 and SB 827 are designed to repurpose unused federal loan monies to boost funding for WIAE in its first two years of operation.

Half of the \$5 million allocated to WIAE, a five-year program run by the Wisconsin Department of Agriculture, Trade and Consumer Protection (WDATCP), will be reserved to increase dairy exports. In a <a href="report">report</a> issued to the Legislature on December 31, WDATCP officials detailed their plans to use WIAE funding to engage in more international trade shows and add Wisconsin booths at those shows, host more reverse buyers' missions, and support social media sales campaigns.

Financial support and export education will be realized in a new Export Expansion Grant, designed to support collaborative industry projects. Funds will also support increased participation in ExporTech, a 12-week exporter training program at the University of Wisconsin-Stout, and the Wisconsin Economic Development Corporation's International Market Access Grant, which provides funds that companies use for trade promotion activities, marketing, translation and consultants. For more information, sign up for WCMA's upcoming members-only webinar on this topic.

#### **INDUSTRY UPDATES**

## **USDA Helps Fund Port Capacity Increase**

In the midst of <u>continued supply chain issues</u> affecting dairy and other food processors, the U.S. Department of Agriculture (USDA) <u>will partner</u> with the Port of Oakland in California to increase port capacity and improve service for shippers of U.S.-grown agricultural commodities.

A new 25-acre "pop-up" site will provide space for companies to prepare empty containers beginning in early March. The project will also offer a dedicated gate with the ability to pre-cool refrigerated shipping containers to receive perishable commodities and avoid bottlenecks in the main area of the port.

## **Apply Now for Dairy Business Builder Grant**

**APPLY NOW** 

Submit an application today for a <a href="new">new</a>, \$1 <a href="million round">million round</a> of Dairy Business Builder Grants administered by the Dairy Business Innovation Alliance! All applications are due by March 31 at 5:00 p.m. (CT)

Small- to medium-sized dairy farmers, processors, and other in Illinois, Iowa, Minnesota, South Dakota, and Wisconsin are eligible to apply. Grants of up to \$50,000 will be awarded through a competitive process. Eligible projects will include dairy farm diversification, on-farm processing, the creation of value-added dairy products, and efforts to market dairy products for export.

The application form is available on the <u>DBIA website</u>, as well as a webinar offering information on the program, an overview of the application process, and tips for a competitive application.

The DBIA is a partnership between WCMA and the Center for Dairy Research, supported by the U.S. Department of Agriculture. Since its inception as part of the 2018 Farm Bill, the DBIA has administered nearly \$1.5 million in 38 grants to dairy farms and businesses in all five participating Midwestern states. The program also offers technical assistance and education to dairy farmers and processors in the region.

Questions about DBIA or the Dairy Business Builder grant can be directed to DBIA staff.

### **Become a USDA Qualified Food Vendor**

#### **EDUCATION**

# Two Weeks Left: WCMA Scholarship Applications Due February 16

Students pursuing a degree and/or career in the dairy industry have just two more weeks to apply for a <a href="WCMA student scholarship">WCMA student scholarship</a>. All applications are due Wednesday, February 16. Seven scholarships worth a total of \$19,000 will be granted in March, with awards presented on April 13 during CheeseExpo in Milwaukee, Wisconsin.

Two students will be selected for the WCMA Myron P. "Mike" Dean Cheese Industry Student Scholarship, worth \$3,000 each. Any employee or child of an employee of a WCMA dairy manufacturing, processing, or marketing member company or cooperative may apply.

Three students will receive the <u>WCMA Cheese Industry Supplier Student Scholarship</u>, also worth \$3,000 each. Any employee or child of an employee of a WCMA supplier member company may apply.

WCMA will also select two students to receive the **Brian Eggebrecht Student Scholarship**, worth \$2,000 each. This award, named in honor of Championship Cheese
Contest Chairman and generous donor Brian Eggebrecht, aims to support students
pursuing technical certificates, technical diplomas, or associate degrees that may lead to a
career in the dairy industry. Unlike other WCMA scholarships, applicants are not required
to be connected to a WCMA member company or cooperative.

For more information or to download an application, visit <u>WisCheeseMakers.org</u> or contact <u>WCMA Business & Membership Manager Sara Schmidt</u>.
