

**Conor Tolan**

Vice President Joint Replacement & Spine Manufacturing  
Stryker

Conor is Stryker's Vice President, Divisional Manufacturing lead for Joint Replacement and Spine in Stryker. In addition to Medical device, he has experience in the Pharmaceutical, Fast Moving Consumer Goods and Healthcare industries. Conor has previously held roles in Janssen Pharmaceutical, PepsiCo and Glaxo SmithKline ranging across Manufacturing, Quality, Productivity and Supply Chain. He is a member of Stem South West and a proud sponsor of the Stryker's I-Form additive, and Wise Industry Mentorship Programmes. These innovative initiatives are aimed at supporting young students and women as they embark on their stem Journeys.
