

## **Orlaith Ryan Bio**

Orlaith Ryan is Co-Founder, CTO and board member of Shorla Oncology ('Shorla') a Ireland-US development and commercial speciality pharmaceutical company.

The company has an innovative pipeline of oncology treatments that address key unmet needs and deliver a significant contribution to patient care. Four of the company's oncology treatments are on the US market.

Orlaith is a Chartered scientist and holds an MSc in Regulatory Affairs from the University of Wales, BSc in Applied Biology with Quality Management from Waterford Institute of Technology (now SETU) and a Certificate in Corporate Governance from INSEAD. Orlaith has over 15 years' experience in the pharmaceutical industry including R & D, quality and regulatory affairs. Prior to founding Shorla, Orlaith led the regulatory affairs function at EirGen Pharma (later acquired by OPKO Health Inc.).

Orlaith is an assessor for the Science Council UK, and Module Leader for The Organisation of Professional's in Regulatory Affairs (TOPRA) MSc Programme.
