# Faircrest Steel Plant Tour Guidelines

- Dress appropriately – fully enclosed, flat-soled leather shoes, pants, and long sleeves are required (no skirts or capris)
- At least 16 years old
- Extensive walking and stair-climbing will be required (casts and crutches are not permitted)
- There are magnetic fields in the steel-making area (for those who have pacemakers or other electronic medical devices)
- Many areas have fine particles of dust in the air (recent eye laser or lasik surgeries should note this)
- Cameras and video recorders are not permitted
- Stay with your tour guide at all times
- Pulpit access is limited to the discretion of the tour guide (access is prohibited while the LRS or P3 light is on)
- Prior approval is required to visit Billet Conditioning
- Proceed to the brick entrance on the left side (next to flagpole).
- Open the door and proceed into the Administration Bldg.
- PPE (personal protective equipment) will be distributed at the Administration Bldg.
- Please view the next slide for proper attire and additional guidelines.
