

Trailblazing Women in Manufacturing: A Panel Discussion

Panelists:

Victoria Chen, Founder/President of Trustme Global

Victoria is a truly passionate and motivated trailblazer. Victoria was a finalist for the Colorado Manufacturing Network 2024 Manufacturing Women of the Year.

As a Chinese-American she is fluent in Mandarin and English. She has focused exclusively on the import/export industry, supply chain management, factory relations and logistics among China, the USA and Europe since she was 19 years old.

In 2016, she sold everything in China, brought her kids and made the move to United States with nothing but faith and guts. She didn't know where life would take her, but has followed her dream and made the dream come true within just 5 years.

In 2019, she built TrustMe Global Sourcing INC and generated a gross sales of 5-million dollars in the first year. Victoria was named Outstanding Foreign Entrepreneur by her local Business Association and now has become one of the most influential women leaders in the industry.

Victoria is well-connected locally and globally. As a leader in the local Asian community, Victoria provides free consultation and trains younger people to help them find the right life path. She also helps and donates to hospitals and schools all over the world.
