

Overview

The Management Development Program equips new and aspiring managers, supervisors, and team leaders with essential skills for managerial success. Graduates of this engaging two-month program will have the skills to advance their careers, contribute to organizational success, and cultivate high-performing and engaged teams.

Audience

This program is designed for those transitioning from individual contributor roles into leadership positions. It's ideal for those currently in — or preparing for — roles such as supervisor, manager, team lead, or department leader.

Format

- 100% virtual coursework led by industry experts
- Ten 90-minute workshops over two months
