"As WMFHA begins its 24th year as Washington's trusted partner for multifamily housing, thank you for your continued membership, partnership, and trust.

2026 brought another year of challenges, from legislative pressures at every level to economic uncertainty and rising costs. Through it all, our industry has continued to move forward together.

As we plan for 2027, the WMFHA Board of Directors and staff remained focused on a clear priority: delivering greater value while keeping the cost of membership, education, and events manageable.

We're pleased to share that Management Company dues, Supplier dues, and property base fees will remain unchanged for 2027. Property members' dues will increase \$0.09 per-unit, reflecting the corresponding dues increase from the National Apartment Association, to which WMFHA pays dues for every member.

This follows no dues increase in 2026 and reflects our commitment to balancing responsible financial stewardship with the value and service our members expect.

Your membership makes WMFHA stronger. Our Board, volunteer committees, and staff will continue working every day to advocate for our industry, deliver timely education, create meaningful connections, and celebrate the people who make multifamily housing in Washington exceptional.

Thank you for being part of the WMFHA community. We look forward to another strong year together."

With Gratitude,

Brett Waller
2026 Board President
General Counsel, Weidner Apartment Homes
