

212°: The Extra Degree

How to achieve results beyond your expectations

Overview

At 211 degrees, water is hot...at 212 degrees it boils...with boiling water comes steam...with steam you can power a train.

Success in anything has one fundamental aspect - effort. To achieve exponential results requires additional effort.

The purpose of this session is to help attendees internally define and take ownership of achieving results beyond expectations.

You might one degree away from your greatest accomplishments.

Takeaways

Each attendee will create an action plan that will help ensure implementation and accountability.
