

IMPROVING TECHNIQUE FOR A SMOOTHER FINISH

PAVING OPERATIONS TRAINING

This structured 4-day course emphasizes the fundamentals of asphalt paving, then moves into more advanced paving techniques. Attendees spend two hours each day in the classroom, then get six hours of hands-on training at a paving demo site. Working in teams, they practice with a variety of current Cat® pavers and screeds.

WHO SHOULD ATTEND:

- Paving Supervisors
- Training Supervisors
- Training Instructors
- Crew Members

TUCSON AZ

December 1-4, 2026
